

Memo

To: English Areas & Commonwealth Commission Members
From: Julie Moores, Member Services Director
CC: Densign White, Scott McCarthy, Emma Griffin, Colin McIver, Mark Beecher, Margaret Hicks, Donald Steel
Date: 7 April 2009
Re: Data to aid discussion of BJA regional re-alignment

Dear All

Please find following data and information to aid the discussion of the possible BJA areas re-aligning to Sport England regions.

Included are:

- A starting point of pros and cons from Karen French's perspective as she has had the most experience on the ground dealing with this issue.
- Mark Beecher's briefing paper on other government depts. and external bodies that use the same Sport England regional structure.
- Clubs and individual members segregated by our current structure and under the new structure. For ease of reading I have included a summary sheet at the end of the detailed figures.

Please note that these figures have been thrown together for the purpose of discussion and to move the debate forward they are not audited and will not be the same figures that are produced in the annual report. For example members without clubs were not in the capture.

Also the clubs are based where it looks like they should be via dojo postcode but if we do decide to change regional boundaries this data will need to be double checked more carefully.

The maps are about 1.5mb per file (total 9 files) and would clog up your inbox's, however as I have broken the clubs down in the lists you may feel you don't need the maps. If anybody wants them please e-mail me with the region/regions you want to look at more closely and I will send you the relevant files.

Regards

Julie

PROS

Currently some Areas have difficulty in filling all their committee positions. This is a chance to combine and have sufficient expertise and renewed enthusiasm

Opportunity to maximise Grant aid if we mirror the Sport England regions

Modernisation pre and post 2012 (in line with European regionalisation)

Some Counties currently have little or no representation to their Areas – which give some areas unbalanced provision.

Some Areas have fewer clubs and maybe amalgamation could be an option that would support growth.

Opportunity to share best practice

Opportunity to share resources (e.g. Officials, volunteers)

Clarification of BJA staff areas of work – not needing to work across Sport England regions.

What's in it for;-

- Individual Judoka - Communication and identity to Sport England region – structure all the way down the line.
- Coach – Communication and ease to bursaries application process/access to Technical officer (RTO)
- Club – Communication and Identified Regional Dev Officer and RTO
- County – Communication and better relationship with CSP's
- Area – Communication and New foot print/ chance to revamp development/committee and policies and development plans – Joining of forces
- BJA – recognised Areas of development following sport England Structure for funding and reporting – accountability back to BJA

CONS

It's change!

- Current recognised way of working
- Change "Hearts and minds"
- Loss of Area Committee roles for individuals
- Loss of NHC's
- Clubs not wanting to identify with certain areas due to historical preference

Sport England	Current BJA Area	Counties that Sport England region cover
East	East and NHC's	Norfolk, Suffolk, Cambridge and Peterborough, Herts Essex, Beds and Luton,
London	London, NHC's and SA	33 Boroughs
South East	SA and NHC's	Kent, Hants, Surrey, Sussex, Bucks, Berks and Oxen
South West	Western Area	Cornwall, Devon, Somerset, Gloucester, Bristol, Dorset, Wiltshire
East Midlands	Midlands	Leics & Rutland, Northants,Lincs, Notts,Derbyshire
West Midlands	Midlands	Worcestershire, Herefordshire, Shropshire, Dudley, Telford & Wrekin Wolverhampton,, Warwickshire, Coventry, Birmingham, Sandwell, Solihull, Stoke on Trent, Walsall
North East	Northern	Northumberland, Durham, Tyne & Wear, Tees Valley
North West	North West	Greater Manchester, Merseyside, Cheshire, Cumbria and Lancashire
Yorkshire	Yorkshire & Humberside	Humber, North East and West Yorkshire

Rational For Geographical Alignment to Government Boundaries – Mark Beecher April 2009

Government Offices for the Regions were established across England in 1994. Reflecting a number of government departments they aim to work in partnership with local people and organisations in order to maximise prosperity and the quality of life within their area. In 1996 the regions covered, known as Government Office Regions, became the primary classification for the presentation of regional statistics.

The composition of a region by county is:

Region	Counties that region cover
East	Norfolk, Suffolk, Cambridge and Peterborough, Herts Essex, Beds and Luton,
London	33 Boroughs
South East	Kent, Hants, Surrey, Sussex, Bucks, Berks and Oxen
South West	Cornwall, Devon, Somerset, Gloucester, Bristol, Dorset, Wiltshire
East Midlands	Leics & Rutland, Northants,Lincs, Notts,Derbyshire
West Midlands	Worcestershire, Herefordshire, Shropshire, Dudley, Telford & Wrekin Wolverhampton,, Warwickshire, Coventry, Birmingham, Sandwell, Solihull, Stoke on Trent, Walsall
North East	Northumberland, Durham, Tyne & Wear, Tees Valley
North West	Greater Manchester, Merseyside, Cheshire, Cumbria and Lancashire
Yorkshire	Humber, North East and West Yorkshire

All government ‘quango’ organisations reflect these Regions within their administrative and delivery structures.

The BJA’s main external partners, be it through funding or development support work on the premises of these regions and those counties and local authorities that make them up. The following table highlights those partners we work with, our relationship with them and their inter-linkage with each other.

<u>Organisation</u>	<u>Geographical coverage</u>	<u>Partnership Value</u>
Sport England	Government Regions	Central Funding, specific Regional funding opportunities, links to regionalised agendas through county councils and local authorities. Educational Boundaries reflect region / county boundaries
County Sport Partnerships	Sub regional structure making up recognised Government Region	Sport specific support through direct funding, localised administration/ development support to clubs and

		individuals, linkage to facility developments and statutory member of Area Building Schools for the Future Planning Group
School Sport Partnerships	Micro boundaries within County Structure	Primary link to school delivery of Judo curricula and extra curricula. Have partnership funding to support delivery.
Local Authority	Set boundaries governed by Government	Localised support though sport and recreational facility provision and developments. Minor grant opportunities

Other partner organisations that reflect the 9 Regional Structure that the BJA works with are:

- ✓ European Social Fund
- ✓ Learning and Skills Council (Skills Active)
- ✓ Foundation for Sport and the Arts
- ✓ Sports Aid Foundation
- ✓ Regional Development Agencies
- ✓ National Lottery
